PAPER ROCKET

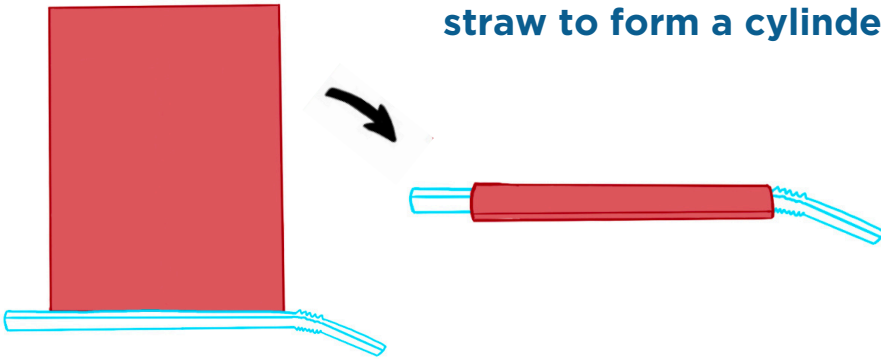

STEP 1

Fold the construction paper into fourths and cut along the folds

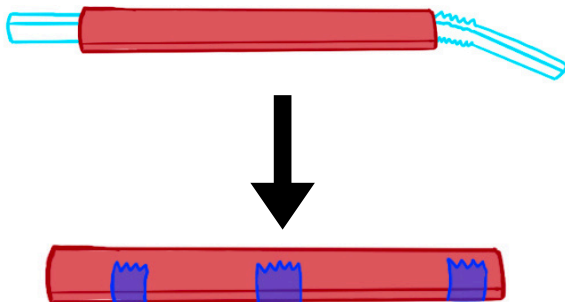

STEP 2

Wrap a rectangle around a straw to form a cylinder

STEP 3

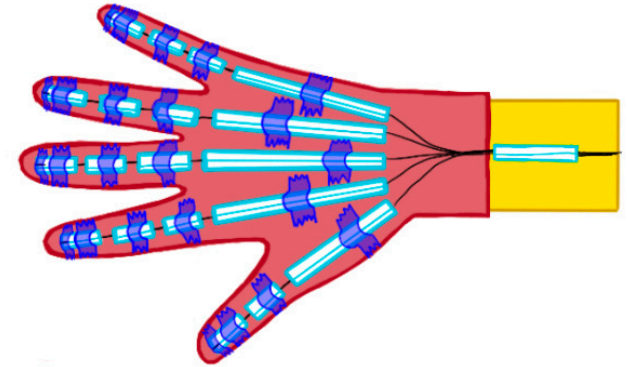

Close the cylinder with tape so it doesn't come apart (Take straw out)

STEP 12

Cut a straw into an inch length

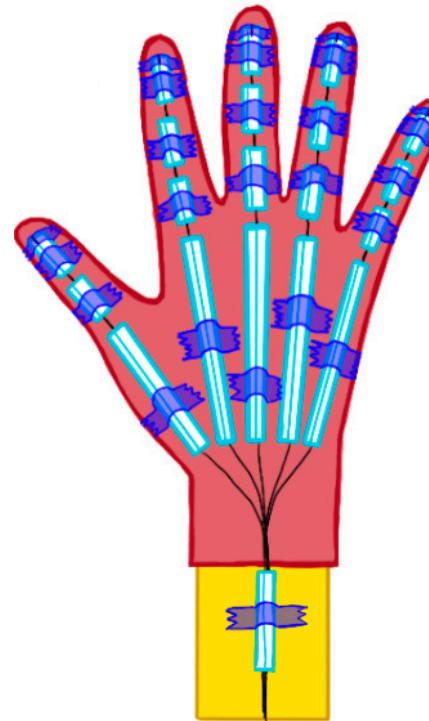

Take all of the string hanging at the bottom of the hand and thread it into a straw

STEP 13

Tape the straw to the paper

Pulling on the string at the bottom will cause the finger to enclose!

EDUCATIONAL
FLYER

STEP 9

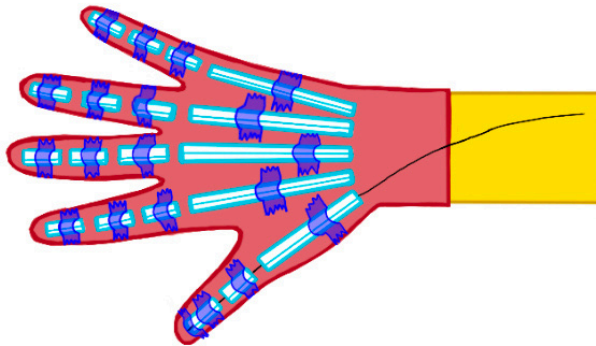

Use the skewer to thread the string through the straw pieces

Start from the top of the finger

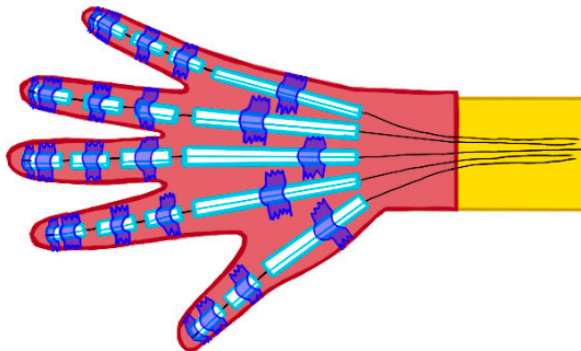

STEP 10

Bend the string at the top to the straw and tape
Make the string reach the end of the wrist

STEP 11

Repeat steps 10 and 11 for the rest of the fingers

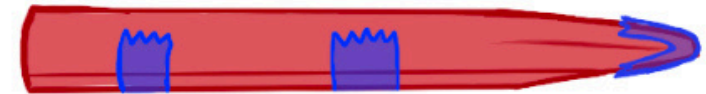

STEP 4

Pinch one end to make the nose and tape it shut

Side View

STEP 5

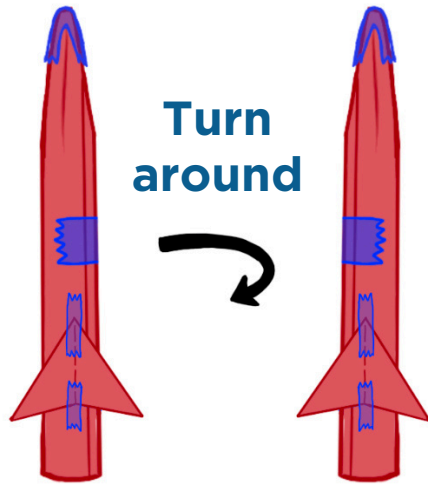

Fold one rectangle in half

Cut out triangles to make fins.

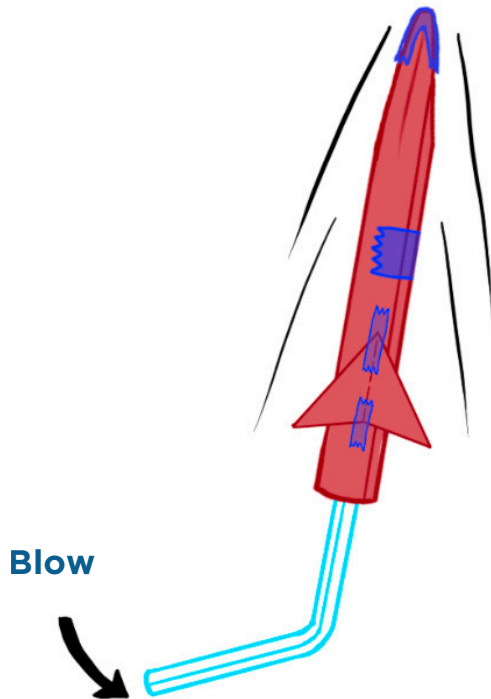

STEP 6

Tape the two fins to the bottom ends of the cylinder

STEP 7

Place rocket into straw and blow

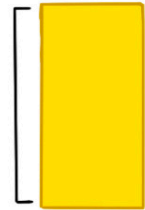

EDUCATIONAL
FLYER

STEP 5

Cut out a 6-inch rectangle with the same width as the wrist of the hand

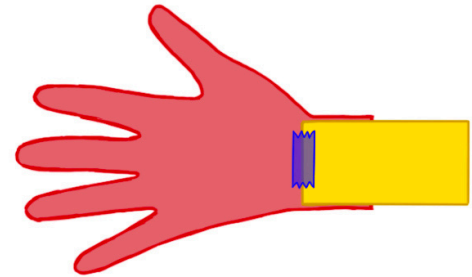

6 inches

STEP 6

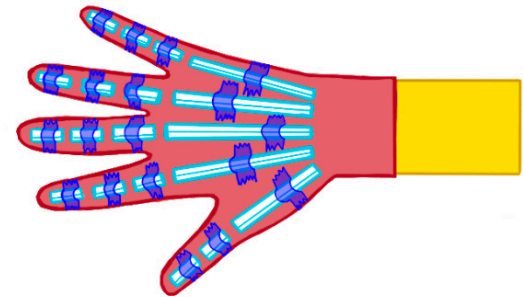

Lay the hand upside down and lay the rectangle (half on the hand) on top

Tape the rectangle

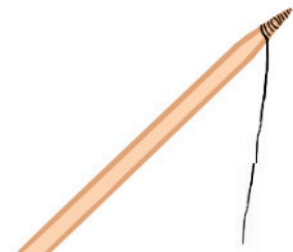

STEP 7

Flip hand over

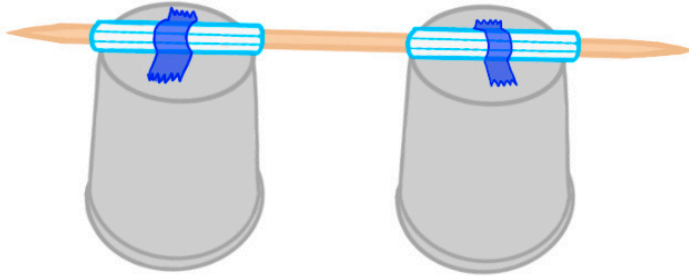

STEP 8

Wrap portion of string around skewer tightly

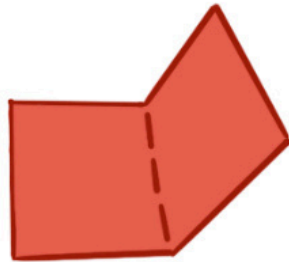

STEP 4

Insert the skewer through both straws

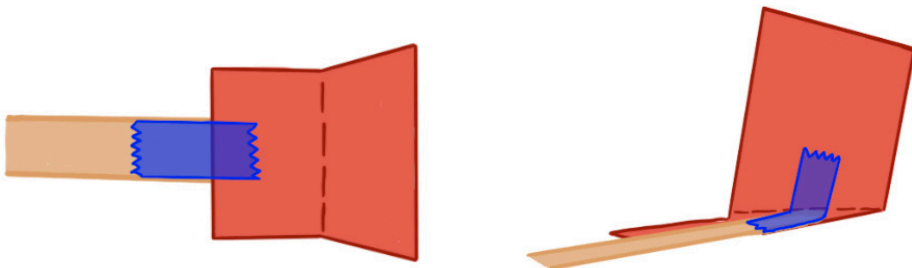

STEP 5

Fold the paper in half
(Keep it at a 90 degree angle)

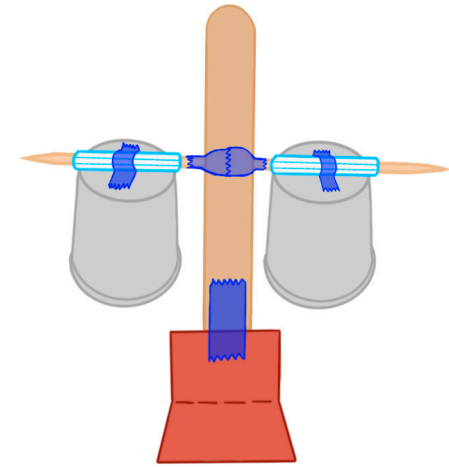

STEP 6

Tape the paper to the popsicle stick

STEP 7

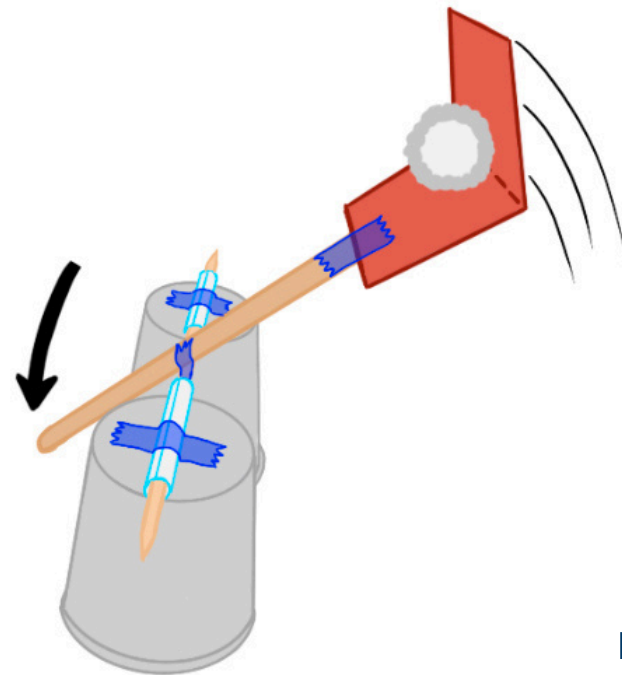

Tape the popsicle stick to the skewer

STEP 8

Load the Pompoms into the paper

Apply force to the opposite end
of the popsicle stick to launch!

PAPER ROBOTIC HAND

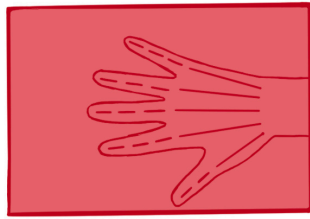

STEP 1

Spread your hand out on top of your construction paper and trace it out

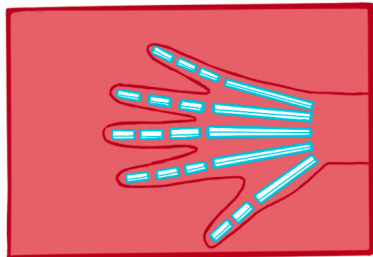

STEP 2

Draw lines on your traced hand according to the image below

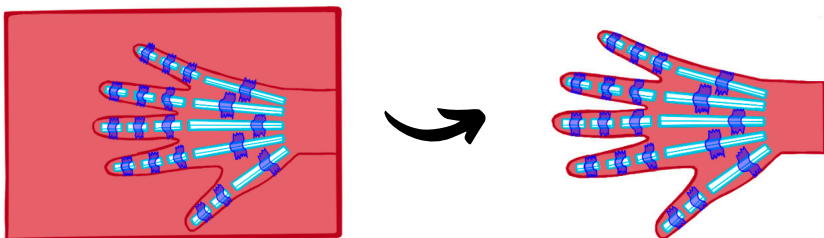

STEP 3

Cut your straws into pieces that are the same size as each of the lines on the traced hand

STEP 4

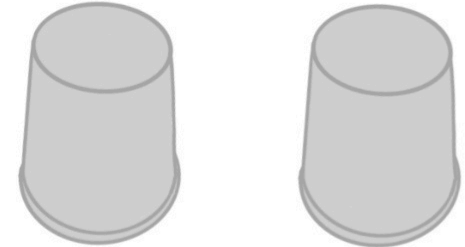

Tape each straw piece to each corresponding line on the traced hand + Then cut out the traced hand

POM-POM CATAPULT

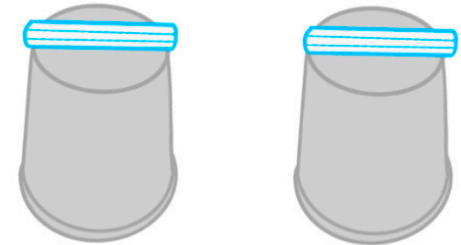

STEP 1

Place both paper cups upside down

STEP 2

Cut your straw into two pieces that are around the same length as the diameter of the cups

STEP 3

Tape each straw piece to the cups
